InLine Small Components Box 10 shelfs 206x107x33mm, transparent

Model: 43009L

Manufacturer: INLINE

EAN: 4043718331475

Product Code: 1553030

R802

Efficient organization:10 compartments for clear sorting of small parts

Safe storage: Clip-on lid protects the contents from falling out

Compact design: Easy to store and ideal for mobile use

Rugged and durable: Sturdy plastic construction for professional use

Transparent appearance: Enables a quick overview of the contents

The InLine® small parts box is the ideal solution for professional users who require structured and secure storage of small parts. With 10 compartments, it offers sufficient space for screws, nuts, seals or other small parts that often need to be to hand in everyday working life. The clip-on lid ensures that the contents remain safely stowed away at all times. Thanks to its compact design, the box fits easily into workshop shelves, toolboxes or drawers and supports efficient working methods. The transparent look enables a quick visual inspection of the contents without having to open the box.
