InLine Cable Splitter HDMI 2-port, 4K/60Hz, with USB power cable, 0.5m

Model: 65009C

Manufacturer: INLINE

EAN: 4043718297986

Product Code: 1553074

R1,329

Reliable signal distribution to two displays: Ideal for simultaneously displaying image and audio content on two monitors or projectors.
High compatibility with 4K/60Hz and HDCP 2.2: Supports common resolutions up to 4K@60Hz as well as HDCP 1.4 and 2.2 – for broad device support.
Space-saving thanks to integrated HDMI cable: Input is via a permanently integrated HDMI cable (0.5 m), which reduces the need for additional cables.
Simple plug-and-play setup: No drivers, no configuration – ready for immediate use via a simple HDMI connection.
Versatile: Ideal for presentation and display scenarios in various environments.

The InLine® HDMI Splitter 2-way is the reliable solution for applications where an HDMI signal needs to be transmitted to two output devices simultaneously. Both image and sound signals are

maintained in high quality – up to a resolution of 4K at 60 Hz. The integrated HDMI connector (0.5 m) saves additional cabling and enables particularly quick setup.
Thanks to support for HDCP 1.4 and 2.2 as well as 12-bit Deep Color, the splitter is compatible with a wide range of modern AV components. Whether for video sources such as set-top boxes, Blu-ray players, or professional display and presentation solutions, the device's compact format and robust plastic housing make it suitable for a wide range of applications, from meeting rooms and technical centers to public presentation areas.
Installation is plug-and-play – no configuration or software required. Multiple splitters can also be cascaded without any problems to cover greater distances or connect more devices.

HDCP compliant with HDCP Revision 1.4/2.2 specification
Supports HDTV resolutions up to 4K/60Hz
Supports Deep Color 12-bit
Supports LPCM 7.1CH and DTS-HD Master Audio
Supports Full 3D
Input: 1x HDMI (Type A plug on cable, 0.5m)
