flatware set 30 pc(s)

Model: 11.4291.6390

Manufacturer: WMF

EAN: 4000530636249

Product Code: 1554540

R7,107

The 30-piece cutlery set, suitable for many dishes and courses, consists of respectively six table forks, knives and spoons as well as cake forks and coffee spoons. WMF has a large selection of cutlery sets in different designs to fulfil your individual wishes. The 30-piece set is a perfect starter for everyday eating and can be complemented with cutlery serving pieces and additional items - for a wonderful table culture.

This model combines contrasts: straight, asymmetric lines meet curved contours and matt surfaces comes upon polished ones. The transitions are smooth, the interplay is harmonious. The inspiration for this striking WMF cutlery designed by Peter Bäurle, was a wooden twig peeled out of the bark. A special feature is the mirror image line detail on the knife and the fork. The carefully rounded edges give a good feel to the cutlery and the forged blades of the knives guarantee long-lasting cutting performance. Without question, this cutlery, which has various complementary items, will add a touch of class to any table setting.
