LED Indicators

Provide easy-to-read status of the unit and utility power conditions.

Audible alarms

Provides notification of changing utility power and UPS power conditions

Intelligent battery management

Maximizes battery performance, life, and reliability through intelligent, precision charging.

Advanced Safety Features

Safeguard your Home UPS from overloads, excessive mains voltages, short circuits, installation mishaps and battery damage due to low voltage situations.

Battery failure notification

Provides early-warning fault analysis on batteries enabling timely preventive maintenance

Safety-agency approved

Ensures the product has been tested and approved to work safely with the connected service provider equipment and within the specified environment.

Battery and surge protected outlets

Back up and protect your hardware and data during power outages, surges and spikes.

Battery backup and surge protection

Outlets provide abundant runtime for network gateway equipment and other critical low-power devices, allowing for hours of internet access during a power outage.
