Product Code: 1558876

R2,085

Design meets functionality: The elegant tripod TV stand with wooden legs offers stylish TV presentation without wall mounting.
Flexible installation without structural measures: Ideal for offices, showrooms or hotels - ready for use quickly and anywhere.
Optimal view thanks to swivelling function:±45° rotatable for optimum alignment regardless of the room design.
Tidy technology thanks to cable management: Integrated cable routing ensures a professional, tidy overall appearance.
Practical shelf space: The melamine shelf is suitable for media devices, controls or decorative elements.

The InLine® woodstand II is a sophisticated piece of presentation furniture for discerning business customers who value aesthetics and functionality in equal measure. With its modern combination of matt black metal structure, walnut-coloured wooden legs and practical storage surface, the TV stand

fits seamlessly into a wide variety of room concepts - whether in the conference room, showroom or stylishly furnished reception areas.
With its ±45° swivel capability, the screen can always be optimally aligned to the target group, making it ideal for presentations or changing room constellations. The stable construction supports screens from 43 to 65 inches (VESA 200×200 to 400×400) up to a weight of 35 kg. The integrated cable management allows for neat cable routing - for a tidy, professional appearance.
A particular highlight is the functional melamine shelf. It offers space for remote controls, presentation technology or decorative elements, increasing the versatility of the stand. The high-quality choice of materials and the well thought-out design make the InLine® woodstand II the ideal solution for professional applications where design, function and flexibility are required.

Compatible screen size: 43"-65" (110-165 cm)
