Model: 73301

Manufacturer: LINDY

EAN: 4002888733014

Product Code: 1559112

R1,119

The Lindy Single Port USB Type C PD Car Charger can charge a single USB Type C device while on the move via a car's cigarette lighter socket. This charger has a stylish minimalistic design that complements all car interiors and connects simply to the USB device via a USB Type C cable.

With a single Type C female USB port, this charger is ideal for use with smartphones and tablets, while Type C's reversible design means that you do not have to pay attention to which way the cable is inserted into the port.

For added convenience this charger supports Power Delivery 2.0 for faster charging of the device with a power output of 27W, while also providing overcurrent protection to avoid excessive current damaging devices. With Smart IC capabilities, the charger can also instantly recognise the connected device to automatically adjust the charging current for a fast and safe charge. As this charger is rated at Level 6 for efficiency, it also meets the highest current level of energy efficiency standards.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
