Lightning Fast for Unbeatable Gaming

Play games fluidly and seamlessly with our monitor's 180 Hz refresh rate. Motion blur and lag are things of the past. With each frame displayed smoothly, you will have a competitive edge, allowing for an immersive gaming adventure.

Blazing Fast for Gaming Victory

Swift Response for Seamless Vision Monitor's superfast 0.5ms MPRT. It will ensure a quick response that eliminates ghosting and provides a smooth viewing experience. Whether it's intense gaming or fast-paced action, this feature will keep you ahead.

Immersive Gaming

Be Immersed in a New Dimension

Experience true immersive viewing with our 1500R curved monitor. Its gentle curve wraps around your visual field, which reduces distortion and enhances depth perception. This will bring a new level of engagement to your gaming and your entertainment.

Rich Sound at Your Control

Enjoy enhanced audio without the need for external speakers. Our monitor comes with 2 x 3W speakers, delivering clear and powerful sound. Whether used for gaming, movies, or music, this adds an extra punch to your entertainment.

Ergonomic & Unique Design

A stylish and sturdy monitor stand with lift, tilt, and swivel functionality makes it easy to use. The ergonomic will satisfy customer requirement for height adjustment and different angle use.
