Bosch F016800572 pressure washer accessory Car cleaning kit

Model: F016800572

Manufacturer: BOSCH

EAN: 3165140941785

Product Code: 1560016

R1,431

Easy car washing with handy all-in-one kit

The Bosch Car Cleaning Kit is perfect for flexible, fast and all-over DIY vehicle washing. It has a low-pressure brush for gently cleaning surface areas, windows and side mirrors. On harder-to-reach spots, such as wheel arches, the kit provides a 90-degree spray nozzle that attacks tough dirt with a powerful water stream. With the 6-metre extension hose, reaching around the vehicle away from the water source is effortless, allowing greater flexibility. Once washed, the handy microfibre cloth completes the job by drying and shining the vehicle to perfection.
