R3,015

The appearance of Eco series UPS is stable and introverted, while its functions are not to be underestimated. Given with its compact size, it can simultaneously supply power to computers, screens, routers, and other equipment, considered to be topping on their priority list for home computers or small office computer workstations.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
