## R3,589

Dell Privacy Filter for 14.0 inch laptop keeps your onscreen data private, offering effective “black out” privacy from side views outside the 60-degree viewing angle.

## Keep on-screen information private

The Dell Privacy Filter offers a clear view from the front and provides effective “black out” privacy from the sides. Keep others outside the 60-degree viewing angle from seeing what is on your laptop screen, without blocking your own view. Attach the privacy filter on a high resolution screen without compromising on screen clarity.

## Ultra-thin and responsive to touch

Minimize pressure on the screen hinges of your thin and light laptops with a privacy screen filter that is just 0.29mm thin. Plus, have either your touch or non-touch screen protected from scratches, marks and smudges.

## Easy to attach and remove

Use this reversible screen filter on either side and easily attach and remove the filter from your laptop.
