

# **Tracer 47777 DT128 Rectifier 12V 8A Diagnosis & Maintenance, Black/Yellow**

Model: TRABAT47777

Manufacturer: TRACER

EAN: 5907512878347

Product Code: 1562024

## **R919**

Professional charging and full battery protection The Tracer DT128 charger is a modern and intelligent device for charging 12V batteries, designed for users who expect reliability, safety and maximum efficiency. With advanced diagnostic functions, a nine-stage charging process and support for various battery types, the device ensures optimal performance in all conditions. Compatible battery types: Lead-acid, AGM, GEL, LiFePO4 | Input voltage (V): 220-240 | Output voltage (V): 12 | Output current (A): 8 | Charging modes: Car/Truck, AGM/GEL, Motorcycle, LiFePO4, Summer mode, Winter mode, Regeneration mode, 9-stage charging | Automatic charging: Yes | Overcharge protection: Yes | Reverse polarity protection: Yes | Indicators: LED/LCD | Color: Yellow / Black
