R1,253

Immersive Listening Anywhere

The Verbatim TruSound ANC Earbuds are designed to help you focus on your audio by reducing surrounding distractions with Active Noise Cancelling technology. ANC helps minimise ambient noise by up to 22 dB, creating a more immersive listening experience whether you are commuting, travelling or working. The compact in-ear design combined with multiple ear tip sizes provides a secure and comfortable fit for extended everyday use.

Reliable Wireless Connectivity

Featuring next-generation Bluetooth® 6.0 technology, the TruSound ANC Earbuds provide fast pairing, stable wireless performance and improved energy efficiency. Seamlessly connect to smartphones, tablets, laptops and other Bluetooth-enabled devices for uninterrupted music, podcasts, videos and calls. Multipoint pairing enables connection to two devices simultaneously and

the ability to switch between them easily. The portable USB-C® charging case extends battery life to up to 21 hours total playback, making the earbuds ideal for listening throughout the day.

Balanced Audio Performance

High-quality 10 mm drivers deliver balanced sound with clear highs, detailed mids and solid bass across the full 20 Hz – 20 kHz frequency range. The integrated four microphone multi-mic system supports clearer and more reliable voice pickup during calls and online meetings, while the premium metal charging case easily fits into pockets and bags for convenient everyday portability.
