Defend your foldable phone with PanzerGlass® Fender Camera Lens Protector. Designed specifically to complement foldable devices, it provides a sleek, color-matched finish and robust protection against everyday bumps, scratches, and impacts.

The strikingly thin yet incredibly strong lens guard is engineered to protect the entire camera plateau, delivering maximum durability without adding bulk. The matte aluminum housing does more than safeguard your lenses - it also enhances the structural integrity of the camera area, helping your foldable phone stay protected in daily use.

Finished in colours designed to match your device, it keeps your phone looking sharp while strengthening its protection profile.
