Fast Charging On the Go

The Verbatim Charge 'n' Go Qi2 Magnetic Wireless Power Bank is a compact 5000mAh portable charger designed for everyday convenience. Featuring Qi2 magnetic wireless charging up to 15W, it securely aligns with compatible smartphones for efficient and stable fast charging.

For additional flexibility, the USB-C Power Delivery (PD 3.0) port delivers up to 20W wired output, ideal for quickly topping up phones and other USB-C devices. Whether commuting, travelling or working remotely, this magnetic wireless power bank ensures reliable backup power whenever you need it.

Charging with Foldable Stand

Designed for portability, this compact magnetic power bank combines wireless and wired charging in one sleek device. The foldable stand supports portrait viewing, allowing you to stream, message or join video calls while charging.

With integrated magnetic alignment and a clear LED battery display, you can attach and charge with confidence. Its slim profile makes it ideal as a travel power bank or everyday carry charger, reducing cable clutter while keeping your essential devices powered.

Compatible with Qi2 and USB-C Devices

This Qi2 magnetic wireless power bank is compatible with Qi2-enabled smartphones and magnet-compatible devices. It also supports wired charging via USB-C and includes dedicated outputs for an Apple Watch (2.5W max.) and wireless earbuds (3W max.). The Power Bank can be charged via USB-C and wirelessly charge Smartphone, Apple Watch and Earbuds simultaneously.

Supporting PD 3.0, Apple 2.4A, BC1.2 and DCP AFC protocols, it works with a wide range of USB-C devices. Magnetic alignment requires a compatible device or magnetic case. Not suitable for charging laptops.
