It's what's inside that matters! The laptop bag is therefore very clearly structured. From laptops to USB sticks - everything has its place here. The feather-light accessory matches both your everyday business life and your business outfit!

Lightweight luggage: "Ultra Lightweight" laptop bag

Laptop, mobile phone, documents, pens, charging cable - there's a lot you have to carry with you all day at work. Nobody needs the extra weight of a heavy laptop bag. That's why we at Hama have thought of everyone who is rushing from appointment to appointment, from meeting to meeting and travelling to work by bus, train and the like. The feather-light solution: "Ultra Lightweight" laptop bag. The name says it all, because with this lightweight bag, you'll float through everyday business

life as light as a feather - at least as far as the laptop bag is concerned.

Made for travelling

If you don't travel to work by car, you need a laptop bag that can take a beating. The "Ultra Lightweight" notebook bag is made of water-repellent polyester - 100% recycled, by the way - so you don't have to worry about walking to work in the rain or cycling in bad weather. Simply put down the full bag while you wait for the bus? Rubber pads at the bottom of the laptop bag hold it in place so that you can set it down without worrying so you can relax your shoulders and hands.

Handbag style or cross-body look?

Want to quickly change meeting rooms or simply travel elegantly with your laptop bag? The business bag can be carried like a handheld satchel or handbag thanks to the handles with comfortable fabric coating. If you are travelling for a longer period of time or have filled your business bag, it is best to carry it comfortably as a shoulder bag - the padded shoulder strap over one shoulder or even more comfortably as a cross-body bag. Simply choose how you want to wear the lightweight.

A safe place: padded laptop compartment

A bump on the tram, a shake while sprinting to the next appointment - a laptop like this doesn't have it easy. That's why it finds a resting place in the laptop compartment of the notebook bag, where it can withdraw - nice and thickly padded, where it is protected from bumps and knocks.

Everything is there: Front pocket and organiser

Carrying an extra bag with everything you need for the day? Absolutely not. The front pocket with practical organiser has space for charging cables, memory cards, pens, etc. and also a few personal items such as keys and hand cream.

Resource-sparing production

Resource-sparing production from recycled PET materials that can be processed into yarn

100% recycled polyester

Both the inner and outer material are made from 100% recycled polyester
