Gorenje MMC1000RLBK food processor 1000 W 4.5 L Black, Metallic

Model: MMC1000RLBK

Manufacturer: GORENJE

EAN: 3838782721854

Product Code: 1563720

R8,029

VARIABLE SPEED

Different speeds can be set with control button. This guarantees ultimate versatility in the preparation stages, ensuring that you can do everything from standard mixing to whipping egg whites to the right consistency. The minimal speed setting and the convenient lid prevent the ingredients from splashing out when the appliance is started.

Keeping such a powerful appliance firmly in place requires good architectural form and rubber feet. Rubber feet make sure there will be no uncontrolled movement whatsoever. It is safe even when you are handling the bowl, adding ingredients or cleaning.

Time and energy saver

Kitchen robot saves time and energy while providing outstanding results. Powerful appliance that offers excellent mixing performance and precise control at every speed. From the thickest cookie dough to the most delicate egg whites, the Gorenje kitchen robot has the power, speed and finesse to take on any kitchen task. Its powerful motor makes kneading, mixing and whipping a breeze.

Up to any kitchen task

Mix, whisk, whip and knead. Kitchen robot comes equipped with a dough hook, whisk and a flat beater attachment for all your baking needs. While the beater attachment aerates, beats, blends, the whisk is used to whip up everything that should be light and fluffy. Mixing head orbits around the bowl as the beater rotates in the opposite direction for thorough hands-free mixing of ingredients. Two-way rotating mixing action guarantees a perfectly homogeneous mixture.
