R3,892

Product description

The WMF LONO Master Grill made of matt Cromargan is ideal for grilling enjoyment inside and outdoors. With a 28 x 50 cm grill area, the LONO Master Grill offers plenty of space for preparing large and varied grilled dishes. It has two separate ribbed grill plates whose temperatures can be freely adjusted using separate controls with LED lighting. In the LONO Master Grill, the heating element is also built into the two extra thick cast aluminium grill plates. The LONO Master Grill not only offers plenty of space, its 2,400 watt output guarantees perfect grill results. The removable fat collection tray and the two grill plates are dishwasher safe. It is also equipped with a removable wind and splash guard for outdoor use.
