

ATEN 16-Port 19" LCD Cat5e/6 KVM Over IP Switch (Dual Rail)

Model: KL1516AIN-AX-XG

Manufacturer: ATEN

EAN: 4719264642623

Product Code: 1565011

R75,255

The KL1516Ai Dual Rail LCD KVM Switch is a control unit that allows secure access up to 16 computers from a single KVM (keyboard, video, and mouse) console. It consists of an integrated LCD monitor, keyboard, and touchpad in a 1U rack-mountable retractable sliding housing.

The LCD and keyboard/touchpad modules slide independently of each other. To maximize space in your data center, the keyboard/touchpad module slides back to "hide away" when not in use, while the thin profile LCD monitor rotates back – flush against the rack – allowing convenient monitoring of computer activity.

The KL1516Ai features IP-based connectivity that allows local and remote operators to monitor and access the computers on your installation. Because it uses TCP/IP for its communications protocol, the KL1516Ai can be accessed from any computer on the LAN, WAN, or Internet – whether that
