The WMF LINEO breakfast series consists of filter coffee machines with a stainless steel thermal kettle, filter coffee machines with an Aroma glass jug, kettles, a milk frother and a long-slot toaster – which looks impressive with its clear architectural basic shapes and refined no-frills details. An eye-catcher in any kitchen!

As the first hand-held blender with a full Cromargan® stainless steel casing, the WMF stainless steel blender impresses with its slim shape and especially with its technology. The Cromargan® blending stick, with WMF 2+2 blade technology in combination with a long-lasting 700 W motor, gives perfect blending results. That's WMF High Performance! At 13,000 rpm, the motor reaches a speed of 125 km/h. The speed can be adjusted and set to the maximum power using the turbo function. The ergonomic non-slip handle makes the stainless steel stick blender perfectly comfortable and safe to

use, whilst a clever suction cup is used to secure the cable and the protective cap for the blade also ensures a perfect position. Includes a practical 1 litre blender container with scale and non-slip base. Thanks to an optional accessory set consisting of a chopper, whisk and milk frother, the LINEO stainless steel stick blender can be turned into a smart food processor. The blender stick is removable, making the device flexible.

The accessory set fits all LINEO and LONO stainless steel stick blenders. It consists of a chopper (chopper container (0.6 litre) with non-slip base, high quality 2-wing stainless steel blade, removable blade unit), a whisk attachment and a milk frother attachment.
