Cellularline Voyager - Universal Waterproof smartphone case

Model: VOYAGER22K

Manufacturer: CELLULARLINE

EAN: 8018080431913

Product Code: 1565608

R1,041

Voyager is the waterproof case that can protect your smartphone from water, chlorine, sand and sun cream. Its IPX8 certification means this case is waterproof down to a depth of 20 metres. Fitted with a comfortable adjustable strap, Voyager can be worn around your neck or wrist and is made from soft, touch-sensitive material, compatible with 3D Touch and Face ID. To capture the best moments of your holidays so you can look back on the summer, it has been designed with a practical band on the back that allows a firmer, more secure grip to take selfies in portrait or landscape mode.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice.
