PGYTECH MANTISPOD Z professional tripod

Discover unlimited filming and photography possibilities with PGYTECH. The MANTISPOD Z tripod is an indispensable tool for any filmmaker to create unique shots in a variety of situations. You'll use it in up to 5 ways, and thanks to its wide compatibility, you can use it in conjunction with many popular sports cameras or smartphones. The lightweight, compact design makes it easy to fit into a backpack, and the included lanyard makes it easy to carry.

Stability to suit your needs

The innovative CapLock system is a solution that makes mounting and dismounting your gear extremely easy and fast. Thanks to the dual locking mechanism, you can be sure that your camera is securely fastened. All this means that you can fully focus on creating exceptional frames, without worrying about the safety of your equipment.

Many possibilities

You can use the tripod in as many as 5 different ways. Extension Mode is perfect for taking a group selfie with friends, while Tripod Mode will provide the necessary stability when shooting Time-Lapse. Grip Mode offers a secure and comfortable grip that will guarantee your comfort during all-day shooting, while Briefcase Mode will be perfect for recording dynamic shots. Mantis Mode is also available, which allows you to record from above.

Compatible with your equipment

Compatibility problems are a thing of the past! Thanks to the included adapters, the tripod is compatible with many popular devices. You will successfully use it when shooting videos with a camera, sports camera or even a smartphone.

Choose the perfect angle

Now you can position your camera the way you need without much trouble. Thanks to the ball head, you can freely rotate the device by 360°, as well as tilt it forward or backward by 86°. This means you have full control over the camera's angle, allowing you to create breathtaking shots both vertically and horizontally.

Take it with you anywhere

PGYTECH MANTISPOD Z is the perfect companion for any trip! Its small, portable design means that storing it won't be a hassle for you - you can easily stow it in your backpack or bag. You will also find a practical lanyard included, which provides additional security and makes it easy to carry. What's more, the tripod's ergonomic grip ensures maximum comfort during hours of recording.
