

InLine 31516B mobile device charger Universal Black AC Fast charging Indoor

Model: 31516B

Manufacturer: INLINE

EAN: 4043718343607

Product Code: 1566573

R7,869

Simultaneous charging of up to ten devices: Enables parallel charging of up to ten USB-C devices with support for Power Delivery 3.0 and Quick Charge 5.0.

Powerful charging distribution with up to 1000 watts of total power: Up to 100 watts per port are reliably provided, even when all ports are in use simultaneously.

Professional device organisation with modular separation: Separators in two sizes included in the scope of delivery ensure orderly storage and a clear structure in the workplace.

Comprehensive compatibility for professional IT infrastructures: Supports modern fast charging standards and is suitable for notebooks, tablets, smartphones and other mobile devices. Multiport Powerstation with a total output of 1000 watts is the ideal solution for professional IT environments where a large number of mobile devices need to be charged simultaneously. Whether in technical rooms, training centres, service points or modern offices, the compact power supply

reliably provides power for notebooks, tablets, smartphones and other USB-C-compatible devices via ten USB-C ports. Up to 100 watts per port are available without any loss of performance at full capacity. Thanks to the included separators in two lengths, devices can be neatly positioned next to each other and stored in an organised manner. The sturdy design makes the power supply particularly attractive for system houses, IT departments or educational institutions. Support for current fast charging standards such as Power Delivery 3.0 and Quick Charge 5.0 ensures high compatibility and future-proofing. Conventional USB devices can also be connected without any problems and are charged reliably. With the InLine® Multiport Powerstation, professional users get a powerful and flexible charging unit for demanding continuous use.

10-port USB-C power supply with optional app control

Power Delivery 3.0 and Quick Charge 5.0 compatible

Input voltage: 100– 240 V AC / 12 A max.

Input frequency: 50/60 Hz

USB-C output:

5.0 V / 3.0 A / 15.0 W

9.0 V / 3.0 A / 27.0 W

12.0 V / 3.0 A / 36.0 W

15.0 V / 3.0 A / 45.0 W

20.0 V / 5.0 A / 100.0 W

Protective functions: Overvoltage protection, short-circuit protection Thermal protection with automatic resumption of charging after cooling Active cooling at internal temperatures above 70 °C, passive cooling below this value Dimensions (L × W × H): approx. 340 × 213 × 46 mm

Weight: 3.3 kg (5 kg including all accessories)

Scope of delivery:

1× InLine® Multiport power supply

11' splitter 123 mm

11' splitter 82 mm

1' power cable, approx. 1.5 m

1' operating instructions (DE/EN)
