Your sound, your party! With this portable speaker featuring a powerful 2 x 25 W output, any location becomes a stage. Thanks to Bluetooth® 5.3, you can stream your music wirelessly or use the flexible connectivity options via USB, AUX-IN, or SD card. With up to 8 hours of battery life, the sound stays powerful and clear even during long sessions. The integrated microphone input makes it perfect for karaoke or announcements, while the stylish Lightframe lighting creates the right atmosphere.
