Product Code: 1566724

R2,055

NEEWER 4-IN-1 4-Port USB-C Hub

The NEEWER PS020E hub expands the capabilities of USB-C-equipped devices, offering four USB-C ports with data transfer speeds of up to 10 Gb/s (1280 MB/s), fast PD 3.0 charging with up to 100 W of power, and a practical cold shoe mount adapter. It supports USB 3.1 Gen 2 and is backward compatible with USB 3.0 and USB 2.0, allowing it to work with a wide range of devices and accessories. The lightweight aluminum alloy housing effectively dissipates heat, and its compact dimensions of 107 × 28 × 16 mm and weight of 54 g make it easy to use the hub for activities such as recording, vlogging, and mobile work.

Fast data transfer speeds of up to 10 Gb/s

All four USB-C ports support maximum data transfer speeds of up to 10 Gb/s, or 1280 MB/s, which streamlines the transfer of large files between connected devices. The hub is compatible with USB 3.1 Gen 2, USB 3.0, and USB 2.0 standards, ensuring broad compatibility with various generations of

hardware. For USB 2.0, the data transfer rate is up to 480 Mb/s. The manufacturer recommends recording content below 4K at 60 fps when using a SanDisk SSD.

Power Delivery charging up to 100 W

The USB-C input port supports PD 3.0 technology and fast charging with up to 100 W at 20 V / 5 A. This allows the hub to also be used to charge compatible smartphones, tablets, and laptops. As a result, a single device can simultaneously support data transfer and power delivery to connected devices.

Wide Compatibility with USB-C Devices

The NEEWER PS020E is compatible with the iPhone 15 and iPhone 16 series, iPads, MacBooks, Mac Air, and Mac Pro, Android smartphones and tablets, as well as Windows computers and laptops. It also supports wireless microphone receivers, monitoring headphones, and SSDs, including the Samsung T5, T7, and T9, as well as models from Lexar and SanDisk. The hub can therefore serve as a central connection point for USB-C accessories used in video production and vlogging. It is not compatible with monitor displays.

Convenient cold shoe mounting

The included cold shoe adapter allows you to mount the hub directly onto a phone or camera cage, making it easier to organize cables and accessories while filming. This solution is compatible with, among others, the NEEWER PA073 and PA074 cages for the iPhone 16 Pro and iPhone 16 Pro Max, as well as the PA043 and PA044 cages for the iPhone 15 Pro and iPhone 15 Pro Max. The hub can also be mounted on many NEEWER camera cages and compatible phone and camera cages from SmallRig.

Lightweight and durable aluminum housing

The housing is made of an aluminum alloy that combines low weight with durability and effective heat dissipation. The hub weighs only 54 g and measures 107 × 28 × 16 mm, so it doesn’t take up much space in your filming setup. It works well in both a creator’s mobile setup and a more elaborate setup with a camera or smartphone.

Important Information Regarding Use

Power consumption depends on the brand and model of the connected SSD. Using multiple devices simultaneously may cause error messages that interrupt recording; therefore, when working with an extensive setup, it is important to consider the power requirements of each accessory. The hub does not support preview monitors.

Included in the package

- USB-C hub x1
- Cold shoe adapter x1
- User manual x1

Manufacturer	NEEWER
Model	PS020E
Product type	USB-C hub
Number of ports	4
Compatibility	USB-C devices
Supported Standards	USB 3.1 Gen2 / USB 3.0 / USB 2.0
Applications	Data transfer / Vlogging
Maximum Data Transfer Speed	10 Gb/s (1280 MB/s)
USB 2.0 Transfer Speed	480 Mb/s
Fast Charging	PD 3.0 up to 100 W
Charging Specifications	20 V / 5 A
Mounting Points	Cold shoe
Material	Aluminum alloy
Color	Black
