Powerful GaN charger: super-efficient with low heat development and all in a compact and lightweight design made possible by components made from gallium nitride

Powerful fast charger

Perfect for smartphones with high charging power: charge devices at high speed, to 60% in 30 minutes, ideal for devices of the latest generations since these often no longer come with chargers included when purchased

Suitable for many devices

Maximum compatibility: Power Delivery can be used everywhere, making it ideal for smartphones, laptops, AirPods, tablets and power packs

Supports Qualcomm® Quick Charge™ 2.0/3.0

Supports Qualcomm® Quick Charge™ 2.0/3.0 technology as this guarantees extremely fast charging

Safe charging

Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection

Saves the battery during the charging process

Optimized charging process saves the battery thus extending its service life

Automatic device recognition

Connected devices are automatically recognized and optimally charged
