Equipped with a unique, top cover design, the VX PLUS looks better than ever and enhances the entire look and feel of any proper gaming setup.

UPGRADED TRANSFORMER

Upgraded transformer improves balance between 12V, 3.3V, and 5V voltage regulations and enhances the stability, allowing for heavy 12V loading system support.

OPTIMIZED FAN RPM

Silent 12cm fan with optimized smart fan speed control. Fan runs in startup speed before reaching 50% load at 25℃ ambient temperatures.
