

TP-Link TL-SF1008LP network switch Unmanaged Fast Ethernet (10/100) Power over Ethernet (PoE) Black

Model: SF1008LP

Manufacturer: TP-LINK

EAN: 6935364052768

Product Code: 1571119

R1,579

Professional Fast Ethernet Switch with 4 PoE Ports

Plug and Play, with PoE Transmission for Surveillance up to 250 m

Dedicated 4-Port PoE Switch (41 W Budget) for Numerous Applications

Compliance with the 802.3af PoE standard supports up to 15.4 W on each PoE port. The total 41 W PoE power budget* for the 4× PoE ports opens up a wide range of applications, such as surveillance for offices, dormitories, and small businesses. It is fully compatible with IP cameras, access points, IP phones, computers, printers, and more.

Priority Video

Quality Guaranteed

Quality of sensitive applications like video monitoring in critical business areas is guaranteed by offering higher priority options for ports 1–2 when one-touch Priority Mode is on.

Intelligent Power Management

When total power consumption exceeds 41 W, the intelligent power management will cut the lower priority port power. This ensures the high priority port’s power supply and protects the device from power overload. It also automatically detects and provides the required power for your PoE devices while protecting your PoE and non-PoE equipment from being damaged.

Durable Metal Casing

The interior components of TL-SF1008LP are protected by high-quality metal casing to ensure a long product life. Having passed an array of stringent reliability tests, TL-SF1008LP delivers switching performance you can depend on.
