

# **Bosch GLL 80-33 G Line level 30 m 500-540 nm (< 10mW)**

Model: 0601065500

Manufacturer: BOSCH

EAN: 4053423303261

Product Code: 1573393

## **R11,098**

## **Product Highlights**

The GLL 80-33 G Professional is an intuitive line laser for your most precise alignment and levelling tasks. With an IP65 rating and durable, rubber-enforced housing and laser windows, it is made to withstand dust and water - so you can work with confidence at even the toughest jobsites. The new keypad design allows for simple selection of each laser line and offers an additional energy saving mode for longer battery runtime. On top of that, a dual power source gives the flexibility to switch between the BA 3.7V 3.0Ah XL Li-Ion battery and AA alkaline batteries, so you don't have to worry about downtime due to an empty battery.

## **Equipment & Application**

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The BA 3.7V 3.0Ah XL can recharge while in use and ensures that your work flows seamlessly, without power interruptions. The GLL 80-33 G is ideal for a variety of applications, including setting up drywalls, aligning window frames and installing suspended ceilings. The large battery indicator makes it easy to monitor power levels, while 3 x 360° laser lines allow for simultaneous horizontal and vertical levelling applications – helping you save time and effort.

## **Additional Information**

The line laser detects the optional laser receiver LR 7 Professional automatically. This way you can start work immediately and extend the working range up to 80 meters. The bright green laser lines offer up to four times better visibility than red lines to make your levelling easier – no matter where the job takes you.
