LG Sound Bar SN9YG

The best sound for your cinematic experience

with MERIDIAN

MERIDIAN technology for exceptional sound

LG Sound Bar SN9YG now comes with Meridian’s advanced digital signal processing technology. Experience the quality of ear-level sound and a wide sound stage.

Dolby Atmos & DTS:X

Hear the difference with immersive 3D sound

The LG Sound Bar SN9YG meets Dolby Atmos and DTS:X to transform your home into a theater, for the most immersive viewing of all your favorite movies.

Take sound to greater heights

Dolby Atmos takes surround sound to a higher level with a third overhead dimension. By tracking audio objects moving within a scene, the new LG Sound Bar delivers aerial sounds from all directions, up and down, right and left to simulate the cinematic audio experience.

5.1.2 ch (Rear Speaker Ready)

Fill the room with the ultimate cinematic surround sound

Upgrade your audio experience with the SPK8-S Rear Speaker Kit. The SN9YG Sound Bar connects wirelessly to the Rear Speaker Kit so you can enjoy watching TV
with the most immersive sound.

*Rear speaker not included with LG Sound Bar SN9YG model. Separate purchase required.
**Rear speakers are wired to the included wireless receiver but is not shown in the image.

High Resolution Audio

Listen to uncomparable sound

High Resolution Audio delivers 192kHz sampling rates and 24bit depth, for more accurate sound and a more enjoyable listening experience.

Play music and more with a simple voice command

LG Sound Bar SN9YG with the Google Assistant. You can play music, find answers on Google Search, manage everyday tasks, and easily control smart devices around your home - just by using your voice.

*Google and Android are trademarks of Google LLC.
**The Google Assistant is not available in certain languages and countries.
***TV voice control with HDMI CES to be available starting with 2019 models.

Turn your TV and Sound Bar into your control center

Your Sound Bar can now act as your household manager. Conveniently monitor and control connected LG ThinQ home appliances straight from your living room. Check the status of your refrigerator, washing machine, air-purifier, and even turn your vacuum cleaner on and off.

AI Room Calibration

Sound suited to your space

Determine the best soundbar configuration for your space. Install knowing it also corrects fine sound distortion from objects in your room in only 15 seconds.

Sound suited to your space

HDMI eARC (Enhanced Audio Return Channel) allows lossless transmission of uncompressed 5.1 ch and 7.1 ch audio, and even HBR (High Bit Rate) audio such as Dolby Atmos® and DTS: X® on compatible TVs.
