

Chief Tempo™ Portrait Large Flat Panel Wall Mount System

Model: AS3PL

Manufacturer: CHIEF

EAN: 841872179049

Product Code: 1573637

R11,064

In digital signage and DOOH advertising, every minute of downtime means lost revenue and frustrated customers – yet traditional mounts often make maintenance slow and complex.

Tempo™ Portrait is the ultimate wall-mount solution for digital signage, purposefully designed to streamline installation, simplify service and maximize uptime.

Built with installer feedback and engineered for efficiency, it integrates a secure display mount with built-in storage and cable management to reduce clutter and streamline AV setups. Its innovative design features tool-less access and a 10.65" (27 cm) service extension for a total service depth of 12.6" (32 cm), allowing a single technician to reach devices quickly and safely without removing the display. The result? Faster installs, easier maintenance, and maximum uptime – so your content stays live, your operations run smoothly, and your ROI stays strong.

Simplify Service

12.6" (320 mm) of service depth and 10.6" (269 mm) of service extension

Open wall plate for easy positioning of power and data sources and in-wall storage

Home latch lockout clip prevents home latch from accidentally locking until pull cords are properly stowed

Product Features

UL Listed for all common substrates – wood studs, steel studs, concrete, or block walls – Tempo ensures strength and reliability in any installation

Storage panels can be pre-loaded with AV devices offsite for a truly streamlined installation experience – eliminating any surprises at the jobsite and ensuring peace of mind

The pullout mechanism for service mode ensures ample access to stored devices, and consistently returns to its home position for uniform alignment across multiple displays

Single-technician accessibility saves labor costs on maintenance calls and ensures quick service for clients, which maximizes valuable digital signage uptime

Lockout clip prevents the home latch from accidentally locking until pull cords are properly stowed

Technicians can lock the display in service mode with the lockout tab feature on the magnetic pull cord

One part number, one box, one order – minimize last-minute shipping costs of missing parts

Feature Flexibility

Wall plate and extending interface design facilitates centering display in the right position

10° of adjustable display tilt in 2.5° increments

Streamlined for Success

Total installation depth facilitates ADA compliance (when display depth is less than 2" / 51 mm)
