

ATEN Over IP PDU metering device (to connect maximum 4 Power Distribution Units (PE1216 and or PE1324) and make them IP accessible)

Model: EC1000-AX-G

Manufacturer: ATEN

EAN: 4710423778115

Product Code: 1576194

R5,701

The EC1000 Energy Box is the latest evolution of NRGence™ – ATEN's energy intelligence solutions. It is the intelligent, cost effective solution to monitor ATEN's Energy PDUs – to ensure safe and effective energy-saving power management.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The EC1000 Energy Box has four Energy Sensor ports to connect to four Energy PDU modules and four Environment Sensor ports for external sensors to monitor environmental conditions. Each environmental sensor can provide measured readings of temperature, humidity, and differential pressure from separate areas of a data room, giving a wide range of monitoring and protection you need.

The Energy Box allows power and environmental data to be monitored and displayed at the rack or remotely for easy viewing and maintenance. The Energy Box is a standalone unit with Over IP monitoring that is controlled by Web GUI or ATEN's eco Sensors software.

The EC1000 Energy Box features real-time status, system logs, threshold alerts, and event notifications. The EC1000 logs power and environmental conditions according to customizable minimum/maximum thresholds set for electrical current, temperature, humidity, and differential pressure.

1x EC1000 Energy Box

1x 0AD8-8605-40MG Power Adapter

1x Mounting Kit

4x RJ-45 Cables

1x CD ROM (Manual, eco Sensors Software)
