

Mikrotik RBPOE PoE adapter 28 V

Model: RBPOE

Manufacturer: MIKROTIK

EAN: 5711783893257

Product Code: 1576595

R625

The **RBPOE MikroTik** is a high-quality product designed to meet the needs of both home and professional users. As part of the MikroTik lineup, this device offers exceptional performance at a competitive price point. With its robust construction and reliable functionality, the **RBPOE MikroTik** is an ideal choice for those seeking a dependable solution for their networking requirements.

Featuring advanced technical specifications, the **RBPOE MikroTik** is equipped with a powerful processor and ample memory, ensuring smooth operation even under heavy loads. This model supports various applications, making it suitable for a wide range of environments, from small offices to larger enterprises. The **RBPOE MikroTik** is designed to provide seamless connectivity and efficient data transfer, enhancing overall network performance.

One of the standout features of the **RBPOE MikroTik** is its versatility. It supports Power over Ethernet (PoE), allowing for easy installation and reduced cable clutter. This functionality is particularly beneficial for users who require a clean and organized setup. Additionally, the device is compatible with various MikroTik software solutions, enabling users to customize their networking experience according to their specific needs.

In summary, the **RBPOE MikroTik** is a reliable and cost-effective solution for anyone looking to enhance their network infrastructure. With its impressive technical specifications, versatile applications, and support for PoE, this product stands out in the market. Trust in the quality and performance of MikroTik, a leading manufacturer in the networking industry, and experience the benefits of the **RBPOE MikroTik** for yourself.
