

Mikrotik RBGPOE-CON-HP PoE adapter Gigabit Ethernet 24 V

Model: RBGPOE-CON-HP

Manufacturer: MIKROTIK

EAN: 5902560365160

Product Code: 1576647

R1,162

The **MikroTik RBGPOE-CON-HP** is a high-performance power over Ethernet (PoE) injector designed to meet the demands of modern networking environments. With its robust construction and reliable functionality, this product is ideal for powering various devices such as IP cameras, wireless access points, and VoIP phones. The **RBGPOE-CON-HP** ensures that your devices receive a stable power supply while maintaining optimal data transmission speeds.

Manufactured by **MikroTik**, a renowned leader in the networking industry, the **RBGPOE-CON-HP** stands out due to its exceptional build quality and efficiency. This model is part of the **RBGPOE** series, which is specifically designed for high-performance applications. The product code **RBGPOE-CON-HP** signifies its capability to deliver power and data over a single Ethernet cable, simplifying

installation and reducing clutter.

One of the key technical specifications of the **MikroTik RBGPOE-CON-HP** is its ability to provide up to **30W** of power, making it suitable for a wide range of devices. It supports **IEEE 802.3af/at** standards, ensuring compatibility with various PoE-enabled devices. Additionally, the injector operates within a temperature range of **-40°C to +70°C**, making it suitable for both indoor and outdoor use.

In summary, the **MikroTik RBGPOE-CON-HP** is an essential tool for anyone looking to enhance their network infrastructure. Its combination of high-quality construction, efficient power delivery, and compatibility with a variety of devices makes it a valuable addition to any setup. Trust in the expertise of **MikroTik** to provide reliable networking solutions that meet your needs.
