

Mikrotik quickMOUNT pro

Model: QMP

Manufacturer: MIKROTIK

EAN: 5711783893394

Product Code: 1576679

R740

The **QMP MikroTik quickMOUNT pro** is a versatile mounting solution designed for outdoor wireless equipment. This product, manufactured by **MikroTik**, is ideal for various applications, ensuring stability and durability in challenging environments. The **gray** color of the quickMOUNT pro not only provides a sleek appearance but also blends seamlessly with outdoor settings.

Engineered for performance, the **QMP MikroTik quickMOUNT pro** features a robust design that accommodates a wide range of devices. Its compatibility with various MikroTik products makes it a preferred choice for network professionals. The product code for this model is **QMP**, which signifies its place within the MikroTik lineup of high-quality mounting solutions.

One of the key technical specifications of the **quickMOUNT pro** is its adjustable mounting angle, allowing for optimal positioning of antennas and other equipment. This flexibility ensures enhanced signal strength and coverage, making it an essential component for any wireless network setup. The product is built to withstand harsh weather conditions, providing reliable performance year-round.
