Mikrotik cAP lite 54 Mbit/s White Power over Ethernet (PoE)

Model: RBCAPL-2ND

Manufacturer: MIKROTIK

EAN: 5902560364170

Product Code: 1576722

R1,119

The **RBCAPL-2ND MikroTik cAP lite** is an efficient and compact wireless access point designed for seamless connectivity in various environments. Operating on the **2.4 GHz** frequency, this device ensures reliable performance with a maximum data transfer speed of **54 Mbit/s**. Its sleek and modern design in **white** makes it a perfect fit for both home and office settings, blending functionality with aesthetics.

Equipped with **Ethernet LAN** capabilities, the MikroTik cAP lite supports data transfer speeds of **10/100 Mbit/s**, allowing for fast and stable wired connections. This versatility makes it an ideal choice for users who require both wireless and wired connectivity options. The device is also designed to handle **Power over Ethernet (PoE)**, simplifying installation and reducing cable clutter.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

With a maximum power consumption of just **4 W**, the **RBCAPL-2ND** is energy-efficient, making it an environmentally friendly choice for those looking to minimize their carbon footprint. This low power requirement does not compromise its performance, ensuring that users can enjoy consistent and reliable internet access without excessive energy costs.

As part of the renowned **MikroTik** product line, the cAP lite is built with quality and durability in mind. This model is perfect for small to medium-sized businesses, educational institutions, and home users seeking a dependable wireless solution. The **RBCAPL-2ND MikroTik cAP lite** stands out as a versatile and cost-effective option for enhancing network connectivity.
