MikroTik 24V2APOW - Power supply (internal) (24V2APOW)

Model: 24V2APOW

Manufacturer: MIKROTIK

EAN: 5903148913148

Product Code: 1576728

R882

The **MikroTik 24V2APOW** is a high-performance power supply designed specifically for routers, ensuring reliable and efficient operation. With a robust internal power supply, this model is ideal for various networking applications, providing the necessary power to keep your devices running smoothly. The sleek design in **black** and **yellow** not only enhances its aesthetic appeal but also signifies its professional-grade capabilities.

Featuring a substantial **60 W** of actual power output, the **MikroTik 24V2APOW** is engineered to meet the demands of modern networking environments. This power supply is perfect for users who require consistent performance and stability from their routers. Its specifications make it a reliable choice for both home and business use, ensuring that your network remains operational at all times.
