

Western Digital Ultrastar 8TB SAS HC320 HUS728T8TAL5204 0B36400

Model: 0B36400

Manufacturer: WESTERN DIGITAL

EAN: 8717306632782

Product Code: 1576938

R12,542

The **Western Digital Ultrastar DC HC320** is a high-performance hard disk drive designed for enterprise-level storage solutions. With a generous **capacity of 8 TB**, this HDD is ideal for data-intensive applications, providing ample space for large datasets and critical business information. The **7200 RPM** speed ensures quick data access and retrieval, making it suitable for environments that demand high throughput and reliability.

Equipped with a substantial **256 MB storage drive buffer**, the Ultrastar DC HC320 enhances data transfer rates and overall system performance. This **3.5" HDD** utilizes the **SAS interface**, which offers superior connectivity and performance compared to traditional SATA drives. The SAS interface is particularly beneficial in enterprise settings, where multiple drives are often used in tandem to
