

MikroTik R52HnD miniPCI wireless card (R52HND)

Model: R52HND

Manufacturer: MIKROTIK

EAN: 4250605554651

Product Code: 1577009

R1,444

The **MikroTik R52HND** is an advanced internal wireless communication device designed for high-performance networking solutions. This product is ideal for users seeking reliable and efficient wireless connectivity. With its **Mini PCI** host interface, the R52HND seamlessly integrates into various systems, making it a versatile choice for both personal and professional applications.

Utilizing **Wi-Fi 4 (802.11n)** technology, the **MikroTik R52HND** offers enhanced data transfer rates and improved coverage compared to previous standards. This makes it suitable for environments where high-speed internet access is essential. The device is designed to support standard communication solutions, specifically **WLAN**, ensuring compatibility with a wide range of wireless networks.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
