R10,405

UPS Green Cell for Rack RTII 3000VA 2700W with LCD Display

UPS Green Cell

UPS Green Cell with On-line topology characterized by double conversion of the supply voltage, thanks to which the emergency power supply becomes a protective barrier between mains surges and connected devices.

The emergency power supply with a total power of 2700W and an apparent power of 3000VA has been equipped with AGM batteries by Green Cell, which provide stable and safe parameters for your devices.

Using the latest technology, we have achieved an immediate time to switch UPS Green Cell into battery mode and a backup time of up to 140 min depending on the load.
