

Hikvision DS-1280ZJ-DM46 Junction box

Model: DS-1280ZJ-DM46

Manufacturer: HIKVISION

EAN: 6954273688356

Product Code: 1577086

R990

This junction box is designed by Hikvision Digital Technology to offer a secure and neat installation solution for specific camera models, including the DS-2CD2563G0-I(W)(S). Crafted from durable materials, the unit is finished in white, ensuring it blends seamlessly with various environments. The design is universal, making it suitable for use with multiple models within the specified range.

The product comes as a single piece (1 pc(s)) package, which simplifies the ordering process and ensures that all necessary components for installation are included. Its robust construction protects camera connections from weather elements and potential tampering, enhancing the security setup's effectiveness and longevity.

Easy to mount and configure, this junction box facilitates a clean and organized installation, hiding cables and reducing clutter, which can be critical in maintaining a professional appearance in surveillance areas. The compatibility with selected Hikvision camera models ensures that users can rely on a fit specifically tailored to their existing equipment, promoting better performance and reliability of the overall security system.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
