

MikroTik Rackmount ears set for RB5009 series (K-79)

Model: K-79

Manufacturer: MIKROTIK

EAN: 4752224009098

Product Code: 1577173

R680

The **K-79 MikroTik** is a high-quality **UV-resistant connector** designed specifically for **25mm conduits**. Each package contains **25 pieces**, making it a convenient choice for various installations. Crafted from premium **plastic materials**, this product ensures exceptional durability and longevity, even in challenging environments.

One of the standout features of the **K-79 MikroTik** is its remarkable resistance to **UV rays**. This characteristic makes it particularly suitable for use in **photovoltaic installations**, where exposure to sunlight is a constant factor. The robust construction guarantees that the connectors will maintain their integrity over time, providing reliable performance.
