

TP-Link SafeStream Gigabit Multi- WAN VPN Router

Model: TL-ER605

Manufacturer: TP-LINK

EAN: 845973089597

Product Code: 1577179

R1,940

Professional, Secure, and Reliable Gigabit Multi-WAN VPN Router with Centralized Management Capability

Omada SDN—The Smarter Cloud Solution for Business Networking

As the gateway that seamlessly integrates into the Omada Software Defined Networking (SDN) platform, TL-R605 allows for remote and centralized management, anywhere, anytime. Standalone management via the Web UI or app is also available to maximize convenience.

Hassle-Free Centralized Cloud Management:

100% centralized cloud management of whole network from different sites—all controlled from a single interface anywhere, anytime.

Up to Four WAN Gigabit Ports to Optimize Bandwidth Usage

Three freely interchangeable ports that can be set to either WAN or LAN allow the router to support up to four WAN ports to satisfy various internet access requirements through one device. The multi-WAN Load Balancing function distributes data streams according to the bandwidth proportion of every WAN port to raise the utilization rate of multi-line broadband.

Highly Secure VPN

TL-R605 supports IPSec/PPTP/L2TP VPN over IPSec/SSL protocols. With a powerful hardware design, the router supports and manages up to 20× LAN-to-LAN IPsec, 16× OpenVPN*, 16× L2TP, and 16× PPTP VPN connections. One-click auto IPsec VPN* greatly simplifies VPN configuration and facilitates network management and deployment while also securing and encrypting private site-to-site data communications traveling over the internet.

Internet Access Management Strategy

Standardize users' online behavior and easily specify the internet access rights and strategies of employee via IP/MAC/URL Filtering and Access Control List (ACL). Captive Portal authentication facilitates network resource control by capturing, authenticating, and classifying user access. Appropriate network resources can also be allocated for particular users or guests.

Easy Management with the Omada App

Follow configuration instructions on the free Omada app to get set up in minutes. Omada lets you configure settings, monitor the network status and manage clients, all from the convenience of a smart phone or tablet.
