

TP-Link TL-WA1201 wireless access point 867 Mbit/s White Power over Ethernet (PoE)

Model: TL-WA1201

Manufacturer: TP-LINK

EAN: 845973084035

Product Code: 1577240

R1,755

The **TP-Link TL-WA1201** is an advanced **AC1200 Dual-Band Wi-Fi Access Point** designed to deliver high-speed wireless connectivity for both home and office environments. With a maximum data transfer rate of **867 Mbit/s** on the **5 GHz band** and **300 Mbit/s** on the **2.4 GHz band**, this device ensures a seamless internet experience for multiple users. Its ability to support **multiple SSIDs** allows for the creation of separate networks, making it ideal for different user groups or applications, enhancing network management and security.

Security is a top priority with the **TP-Link TL-WA1201**, which supports a range of advanced security protocols including **64-bit WEP**, **128-bit WEP**, **WPA**, **WPA-PSK**, **WPA2**, and **WPA2-PSK**. This ensures a robust and secure network environment, protecting sensitive data from unauthorized access. Additionally, the device is equipped with **dual-stack IPv4/IPv6** capabilities, ensuring compatibility with a wide range of network protocols and future-proofing your network setup.

Installation is made simple with the support for **Active PoE (Power over Ethernet)**, allowing both power and data to be transmitted over a single Ethernet cable. The **TP-Link TL-WA1201** operates at an output voltage of **12 V** and a current of **1.5 A**, making it a versatile choice for various setups. Its sleek white design not only complements various interiors but also reflects the quality and reliability associated with the **TP-Link** brand, which is certified by **CE**, **FCC**, and **RoHS**, ensuring compliance with international safety and environmental standards.
