

TP-Link AC1300 Wireless Dual Band USB WiFi Adapter

Model: Archer T4U

Manufacturer: TP-LINK

EAN: 6935364050863

Product Code: 1577242

R1,086

Higher Gain, Superior Coverage, Faster Streaming

AC1300 High Gain Wireless

MU-MIMO USB Adapter

Archer T4U

Dual Band Wi-Fi for Faster Connections

Wireless AC technology means Archer T4U delivers connections that are up to 3x faster than with the previous Wireless N standard. High-speed Wi-Fi (up to 867Mbps over the 5GHz band and 400Mbps over the 2.4GHz band) means Archer T4U is able to support all your online activities, from HD video streaming to lag-free online gaming and web surfing.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

High Gain Antennas for a Targeted Signal

With two high gain antennas, Archer T4U greatly extends Wi-Fi range and coverage compared to typical wireless adapter. A stable Wi-Fi network across your home makes for an ideal surfing experience.

Boosted Throughput with MU-MIMO

Thanks to MU-MIMO technology, Archer T4U can provide two simultaneous data streams, improving the throughput and efficiency of the entire network when working with a compatible MU-MIMO router.

USB 3.0 for Superior Transfer Speeds

Experience blazing-fast data transfers of up to 4.8Gbps with USB 3.0 — the latest USB connectivity standard. USB 3.0 transfers data up to 10x faster than USB 2.0 and is also backwards compatible with USB 2.0. Combined with 802.11ac Wi-Fi, USB 3.0 makes Archer T4U ideal for HD streaming, online gaming and large file downloads.
