Teltonika BAT120 Uninterruptable Power Supply Euro with 4-pin (BAT120000000)

Model: BAT120000000

Manufacturer: TELTONIKA

EAN: 4779027312910

Product Code: 1577350

R2,946

The BAT120000000 is a line-interactive uninterruptible power supply designed to ensure continuous operation of connected devices during power interruptions. With an output power of 22 W and a sawtooth waveform, it is equipped to handle a range of applications. The unit operates within an input voltage range of 9 V to 30 V and delivers a stable 12 VDC output when powered from the battery. Featuring a compact form factor, the device measures 100 mm in width, 85 mm in depth, and 30 mm in height. It is constructed with a durable aluminum housing and finished in stainless steel, blending robustness with a modern aesthetic. The power supply incorporates lithium-ion battery technology with a capacity of 2.3 Ah and a battery voltage of 3.7 V, providing up to 6 hours of operation for compatible devices on a single charge. Safety features include reverse and overvoltage protection for the input and 3A overcurrent protection for the output, ensuring stable and secure operation. The BAT120000000 includes two 4-pin DC ports for flexible connectivity,
