

Ubiquiti Networks UNVR-Pro 2U Grey

Model: UNVR-PRO

Manufacturer: UBIQUITI

EAN: 810010075574

Product Code: 1577401

R12,692

ROBUST STORAGE SOLUTION FOR HIGH-DEFINITION SURVEILLANCE

The Ubiquiti Network Video Recorder Pro (UNVR-Pro) is engineered to meet the demands of modern surveillance systems. With seven 2.5/3.5" HDD bays, it offers the capacity to store up to 60 days of footage from 24 4K cameras or 70 Full HD cameras. This extensive storage capability ensures that critical video data is readily available for review and analysis, making it an ideal choice for both residential and commercial applications. The RAID protection feature further enhances data security, safeguarding against potential drive failures.

ADVANCED NETWORKING AND MANAGEMENT FEATURES

Equipped with a 10G SFP+ port and a GbE RJ45 port, the UNVR-Pro provides flexible networking options to accommodate various setups. It supports up to 150 managed access hubs and allows for seamless integration with UniFi Protect, UniFi Access, and UniFi Connect management applications. The 1.3" touchscreen display simplifies monitoring and management, while the quad ARM Cortex-

A57 processor and 8 GB of memory ensure smooth operation and quick access to video feeds. This combination of features makes it a powerful tool for managing extensive surveillance networks.

DURABLE AND COMPLIANT DESIGN FOR RELIABLE PERFORMANCE

Constructed from SGCC steel, the UNVR-Pro is designed to withstand the rigors of continuous operation in diverse environments, with an operating temperature range of -5 to 40° C (23 to 104° F) and humidity tolerance of 5 to 95% non-condensing. Its 2U rack-mountable form factor allows for efficient use of space in server rooms or control centers. Additionally, the device is NDAA compliant and certified by CE, FCC, and IC, ensuring that it meets stringent regulatory standards for safety and performance. This reliability makes it a trusted choice for security professionals.
