painting treatment, ensuring durability and resistance to wear and tear. Weighing between 250g (8.8 oz) and 627g (22.1 oz) depending on the model, these panels provide a sturdy yet lightweight solution for your networking needs, making installation and maintenance hassle-free.

COMPLIANCE AND VERSATILITY FOR PEACE OF MIND

These Rack Mount OCD Panels are NDAA compliant, ensuring adherence to the latest security standards for network equipment. This compliance is crucial for organizations that prioritize security and regulatory requirements. Additionally, the panels feature various configurations, including openings for cable management, allowing for versatile installation options. This adaptability makes them suitable for a wide range of applications, from small offices to large data centers.
