

TP-Link Omada Multi-Gigabit VPN Router

Model: ER707-M2

Manufacturer: TP-LINK

EAN: 4895252500738

Product Code: 1577819

R4,198

Dual 2.5 Gbps Ports, Engineered for Dense Environments

Delivering high-speed transmissions through dual 2.5 Gbps ports, ER707-M2 is designed for multi-person environments such as retail stores, hotels, and offices. Enjoy a blazing-fast network experience while working from home.

6× WAN Ports & 1 USB WAN for Mobile Broadband

Empowered with up to 6× WAN SFP and RJ45 ports, ER707-M2 supports various internet access.△ Multi-WAN Load Balancing distributes data streams based on the bandwidth proportion of every WAN port to increase the utilization rate of multi-line broadband.

Connect a 4G/3G modem to the USB 2.0 port for a LTE WAN backup.

High-Security VPN

Pass-through traffic and a variety of VPN protocols, such as SSL, GRE§, IPSec, PPTP, and L2TP, are available on ER707-M2, giving consumers versatile options. One-click auto IPSec VPN simplifies VPN configuration and facilitates network management and deployment.* The router also features a built-in hardware engine to boost VPN performance.

Internet Access Management Strategy

Standardize users’ online behavior and easily specify the internet access rights and strategies of employees via IP/MAC/URL Filtering and Access Control List (ACL). Captive Portal authentication facilitates network resource control by capturing, authenticating, and classifying user access. Appropriate network resources can also be allocated for particular users or guests.

Omada SDN—The Smarter Cloud Solution for Business Networking

As the router that seamlessly integrates into the Omada Software Defined Networking (SDN) platform, ER707-M2 allows for remote and centralized management, anywhere, anytime. Standalone management via the Web UI or app is also available to maximize convenience.

Easy Management with the Omada App

Follow configuration instructions on the free Omada app to get set up in minutes. Omada lets you configure settings, monitor the network status and manage clients, all from the convenience of a smart phone or tablet.
