R1,229

The CS22HF 2-Port USB FHD HDMI Cable KVM Switch is a control unit that allows access to two computers from a single USB and HDMI console while offering video quality up to 1920 x 1080 @ 60 Hz / 1920 x 1200 @ 60 Hz. With the CS22HF, you can quickly and effortlessly switch between two USB HDMI computers via the pushbutton on the remote port selector. The CS22HF supports multiplatform operations which allow you to switch between two different operating system PCs. Moreover, the compact and bus-powered design allows for an efficient and tidy installation, providing an ideal space-saving solution to keep your desk well-organized. This plug and play switch is ideal for people who need quick control to multitask between two computers on a desktop in any environment.
