

Western Digital Red Plus 6TB WD60EFPX

Model: WD60EFPX

Manufacturer: WESTERN DIGITAL

EAN: 718037899800

Product Code: 1577897

R7,407

The **WD60EFPX** from **Western Digital** is a part of the renowned **Western Digital Red Plus** series, designed specifically for NAS (Network Attached Storage) systems. With a substantial **HDD capacity of 6 TB**, this hard drive is ideal for users looking to store large amounts of data securely and efficiently. The **5400 RPM** speed ensures a balance between performance and energy efficiency, making it suitable for 24/7 operation in a NAS environment.

Equipped with a **256 MB storage drive buffer**, the WD60EFPX enhances data transfer rates and improves overall system responsiveness. This feature is particularly beneficial for multi-user environments where simultaneous access to data is common. The **3.5" HDD size** fits seamlessly into most NAS setups, ensuring compatibility and ease of installation. The **Serial ATA III interface** further supports high-speed data transfer, making it a reliable choice for both personal and professional use.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Western Digital is known for its commitment to quality and innovation, and the WD60EFPX is no exception. This model leverages advanced technologies such as **IntelliPower**, which optimizes the balance between spin speed, transfer rate, and caching algorithms, providing an exceptional user experience. With its robust design and proven performance, the **WD60EFPX** stands out as a top choice for those seeking a dependable storage solution for their NAS systems.
